

UKA British Fell & Hill Running Relay Championships
Sunday 14th October 2012

Race Referee's Notes

1. At the UKA Fell Relay on 14th October the 4 leading teams on leg 3 were unable to locate a control box at checkpoint 5. The Race Referee investigated the matter by discussing with those concerned and independent observers and concluded that they had all properly visited the correct site. It was established that the actual control was not placed on the site until after these 4 teams had passed the site.

Decision: In the light of this the Race Referee felt it would be inappropriate to disqualify or penalise any of the 4 teams affected.
